Establishment History

Darvaze Tejarate Haft Asemane Abi reflects the efforts and ambitions of a group of experts and entrepreneurs who came together with the goal of creating sustainable innovations in the health and wellness industry. This company was established in 2024 with a grand vision: to deliver services and products that not only compete in domestic markets but also excel in international arenas, contributing to the improvement of people's quality of life. The concept for founding Darvaze Tejarate Haft Asemane Abi originated from the experiences and needs recognized by its founders during their years of involvement in the pharmaceutical and healthcare sectors. They identified a clear need for innovation and increased efficiency in the domestic market's supply chain and export processes. Inspired by this understanding, Darvaze Tejarate Haft Asemane Abi was created to meet these demands and raise the quality and operational standards of the healthcare industry. Through its extensive and specialized network, Darvaze Tejarate Haft Asemane Abi provides access to advanced pharmaceutical products, medical equipment, and premium-quality Hygiene and Cosmetic items in global markets. Moreover, the company has established specialized clinics in the field of cell therapy, playing a vital role in promoting public health. The ultimate mission of Darvaze Tejarate Haft Asemane Abi is to enhance health, beauty, and recovery by offering the finest products at an international level. One of the company's standout strengths is its ability to attract foreign investments, which enables it to build robust infrastructures and ensure a strong presence in global markets. This capability has solidified Darvaze Tejarate Haft Asemane Abi as a prominent player in Iran's health industry.

About Us

Darvaze Tejarate Haft Asemame Abi was established in 2024 with the goal of creating sustainable innovations in the health and pharmaceutical industries. Utilizing the specialized knowledge of its founders and modern management methods, the company seeks to enhance quality and efficiency in the supply chain and the export of pharmaceutical products and medical equipment. With a forward-looking vision and a focus on innovation, we aim to strengthen Iran's position on the international stage and play an influential role in improving global public health. Through an extensive and specialized network, we deliver pharmaceutical and medical products to global markets with speed and high quality. Our commitment is to provide innovative Hygiene and Cosmetic Products tailored to meet diverse customer needs. By fostering effective international collaborations, we strive to enhance and expand health and beauty globally. We believe that strategic partnerships and the creation of new opportunities can contribute to the advancement of the pharmaceutical and medical equipment industries in Iran, leaving a lasting and positive impact on public health. At Darvaze Tejarate Haft Asemame Abi, we are committed not only to improving the state of healthcare domestically but also to contributing to global health through collaborations with our business partners and customers. With a focus on quality, innovation, and efficiency, we are moving towards a brighter and healthier future.

Capabilities and Areas of Activity of Darvaze Tejarate Haft Asemame Abi

Darvaze Tejarate Haft Asemame Abi, leveraging the specialized knowledge, scientific innovations, and extensive experience of its founders in several key sectors of the healthcare and pharmaceutical industries, is dedicated to enhancing quality, productivity, and competitiveness on both a national and international level. Our capabilities, supported by a committed and expert team, are structured to achieve these goals. Our most important capabilities and areas of activity include the following:

1- Pharmaceutical and Medical Equipment Manufacturing:

Darvaze Tejarate Haft Asemame Abi, through establishing appropriate supply chains and modern technologies in local manufacturing and global supply, is poised to expand its presence in international markets and actively increase its market share.

2- Import of Advanced Pharmaceuticals and Medical Equipment:

We are focused on importing innovative pharmaceuticals and advanced medical equipment. Our goal is to offer products that meet international standards and cater to the specific needs of customers. These services help improve healthcare systems and provide new, effective technologies for the health sector domestically.

3- Establishment of Specialized Stem Cell Therapy Clinics:

A key area of our activity is the establishment and management of specialized stem cell therapy clinics. These clinics play an essential role in treating complex diseases and provide patients access to advanced treatment methods. We are committed to playing a vital role in improving and advancing healthcare standards through the development of these clinics.

4- Import of Hygiene and Cosmetic Products

Darvaze Tejarate Haft Asemame Abi, with a deep understanding of the global market's demand for high-quality cosmetic and hygiene products, has focused its activities on the import of these products extensively. Providing hygiene and cosmetic products that meet international standards and cater to various consumer needs, both domestically and internationally, is one of our top priorities. This focus has made our company a key player in this field.

5- Attracting Foreign Investments:

One of the significant capabilities of Darvaze Tejarate Haft Asemame Abi is its ability to attract foreign investments. By establishing appropriate infrastructure and strategic partnerships with international partners, we have secured significant investments that play a crucial role in our continuous progress. These investments enable us to develop our infrastructure in areas such as improving quality and productivity.

6- Development and Expansion of International Markets:

Another key area of our activity is the development and expansion of international markets. Through careful analysis of the needs of foreign markets and creating wide distribution networks, we aim for sustainable and long-term growth in international markets.

Core Values

- » **Innovation:** We view scientific and technological advancements as the primary drivers of development.
- » **Quality:** Commitment to delivering products that meet the highest global standards.
- » **Strategic Collaboration:** Building strong and effective partnerships with key players at the international level.
- » **Sustainable Development:** Focusing on solutions that benefit society and the environment in the long term.
- » **Commitment to Global Health:** Promoting public health not only in Iran but also globally.

Quality Policy of Darvaze Tejarate Haft Asemene Abi

As a member of the health and pharmaceutical industry, Darvaze Tejarate Haft Asemene Abi is deeply committed to quality in all aspects of its operations. Our quality policy is a set of principles and commitments aimed at ensuring and enhancing the quality of our products and services at both national and international levels. This policy serves as a guiding framework for all stages of product development, production, distribution, and customer support.

1. Commitment to Superior Quality

We are dedicated to maintaining the highest quality standards in all our products and services. This commitment begins at the research and development phase and extends through production, quality control, packaging, and distribution. Our goal is to ensure that our customers and end-users have complete confidence in our products and their safety and quality.

2. Adherence to International Standards

Darvaze Tejarate Haft Asemene Abi designs and implements all its processes and products in compliance with recognized international standards, such as ISO and GMP (Good Manufacturing Practices), as well as other relevant regulations. We continuously update our processes and quality systems to ensure alignment with the latest standards and best global practices.

3. Continuous Improvement

We believe that quality is a dynamic and ongoing process. For this reason, Darvaze Tejarate Haft Asemene Abi is committed to continuous improvement in all aspects of its operations. We leverage customer feedback, internal and external evaluations, and data analysis to identify opportunities for enhancement, ensuring the consistent improvement of our products and services.

4. Employee Training and Empowerment

At Darvaze Tejarate Haft Asemene Abi, quality stems from the commitment and skills of our employees. We place great emphasis on continuous training and empowering our staff at all organizational levels. Our training programs cover technical skills, quality standards, and best practices in production and management, enabling our employees to perform their duties with confidence and precision.

5. Customer-Centric Approach

We define quality not only in our products but also in the experience of our customers. Our goal is to meet customer needs and expectations to the highest degree by delivering high-quality products and services. We are committed to maintaining effective and consistent communication with our customers and view their feedback as a valuable resource for improving quality.

By adhering to this quality policy, Sbs company aims to achieve the highest levels of quality and customer satisfaction. We believe that this commitment to quality is the key to our success and sustainable growth in the health industry.
